

POSITION DESCRIPTION

SENIOR SOFTWARE DEVELOPER

News Distribution Network, Inc. (NDN) www.newsinc.com is headquartered in Atlanta, Georgia. Our video platform provides online media companies with a profitable way to manage and publish syndicated video from premium broadcast sources. With our video and advertising technologies, online publishers have one-stop access to revenue generating video content spanning news, business, finance, entertainment and sports. We eliminate the cost of publishing online video and make it profitable.

THE POSITION

The Senior Software Developer will be based in Atlanta at NDN's headquarters, and will report to Jamal Lacour, Director of Software Development.

RESPONSIBILITIES

The Senior Software Developer will be responsible for designing, implementing, and maintaining systems used for the ingestion, classification, search and presentation of NDN video and related content. This person will interpret business requirements and implement the necessary technology to fulfill requirements. S/he will work with the Software Architect to design proof of concept models, and work with the Project Manager to prioritize bugs and other requested features.

This person will also be a contributor to the overall strategy and development of our company and products by providing innovative ideas and unique solutions to business problems.

EXPERIENCE

- Minimum of 7 years experience in software design and programming.
- Strong background in multi-tiered web and Windows based applications.
- Extensive, demonstrable experience with search, taxonomy, and data management functions, including integration of third party solutions.
- Highly proficient in JavaScript, HTML, AJAX, and current Web 2.0 trends.
- Skilled with Microsoft development technologies such as SQL, ASP.Net, C#.
- Accomplished in agile development methodologies.
- Experienced at working with multi-media content (on-demand or streaming).

- Experience in a new media/news organization is a plus.

PERSONAL TRAITS

- A highly motivated self-starter. Operates with a sense of urgency and values accountability.
- Excellent communication, teamwork, and reporting skills.
- Ability to accurately estimate efforts and deliver to deadlines.
- A team player who will thrive in our fluid, fast-paced, dynamic, scaling environment.
- Conducts him/herself with a high degree of integrity.

EDUCATION

Bachelor of Science in computer science, engineering or math at a minimum.

COMPENSATION

Compensation package includes base salary, stock options and benefits.
